Have it your way

Our Compliance Engineering team can manage your product's testing at a certified lab. Test services that can help you get your product to market quickly range from consultation, design review, Test Plan development, product testing, and test report. All compliance testing is performed at a certified lab. Reports are a deliverable to you. All Intellectual Property is a deliverable to you. It's up to you, how far you'd like to go.

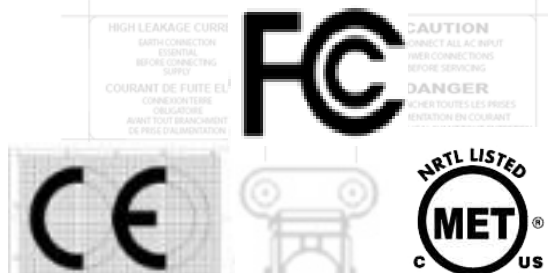

Who we are

Core Source Technologies is a core engineering solutions firm specializing in cost-effective, partial and full turnkey outsourcing solutions. Our business focus is on accelerating product development timelines utilizing innovation, experience, and cost-effective solutions.
